ROMANCE & ELEGANCE

in a Sussex Country Estate

Nestled at the foot of the South Downs in the heart of the Sussex countryside, the picturesque Folkington Manor is revealed at the end of a mile-long private driveway.

Family home to The Brunjes, the barn-style Flint Halls and acres of grounds are an impressive setting for a special occasion.

"My husband and I can not put into words what an amazing day we had at Folkington Manor! Our guests are still talking about it today. With comments such as remarkable, stunning location, I've never been to such an Extravagant wedding! from start to finish it was just an amazing day and I'm hard to please as I run two wedding venues myself. From the bottom of our hearts we can't thank Jacquie, Bex and the team enough!!! Thank you."

Stuart & Jamie

"The whole events was a resounding success, from the food to the decorations, the various locations used at Folkington Manor and the timings on the day. I really can't thank you enough. The guests were so impressed. The professionalism with which you handled it all was superb."

"Folkington Manor is stunning. We fell in love the first time we drove down the beautiful, tree lined driveway. We were greeted by Bex on our first meeting and she explained everything to us over a glass of fizz. It was everything we dreamed of and more. We went for a marquee wedding on the lawn across from the house. We were supported throughout our journey from helping with suppliers to organising the small details on the tables. Everything was above and beyond what we expected. Bex was on hand to support us throughout the day itself and the day was seamless. It really was the best day ever."

"Folkington Manor was the perfect venue for our large garden party where our son and his wife shared their life promises in the shaded dell area with our family and friends.

Our event was held on one of the hottest August days but this fantastic venue with its beautiful grounds, many wonderful shaded areas and beautiful vistas provided us with everything we wanted for a very memorial day.

I would highly recommend this venue and its support team and I would use it again for another celebration."
